Rhomobile Mobile Business Unified Services

Rhomobile provides a complete set of products for managing an enterprise's mobile apps and data. Specifically the product suite RhoMBUS consists ofRhodes, RhoSync, RhoHub and RhoGallery. These components effectively create a new era in enterprise mobility. Unlike previous approaches to mobilizing enterprise apps, Rhomobile uses the power and productivity of web technology and the cloud to allow enterprises to more easily DEVELOP, DISTRIBUTE, DEPLOY and MANAGE native smartphone apps and data.
